### Two Citations for Coxswain Jacques

\* Lawrence R. Jacques, Cox, U. S. N., the son of Mr. and Mrs. Charles P. Jacques of 15 Silk street, has received two citations. The first was for "a high degree of courage and skill" in an amphibious landing on Sicily on July 10, 1943, when he was assault boat coxswain, and the second for "efficiency, skill in landing craft operations, devotion to duty and courage" in the landing of assault troops near Salerno, Italy, on September 9th and 10th.

Coxswain Jacques has been in Sicily and Italy for the past seven months. He has two brothers in the service, Charles, who is with the 211th Coast Artillery, A.A., in California, and Robert, who is in the Navy.

#### CITATION

On July 10, 1943, the U.S.S. Charles Carroll participated with a combined Allied Fleet in an amphibious invasion of the Island of Sicily, by landing an assault battalion which successfully seized a beachhead at Punta Braccetto, south of Scoglitti.

Lawrence R. Jacques, seaman first class, 606-11-60, V-6, United States Naval Reserve, participating as Assault Boat Coxswain, demonstrated a high degree of courage and skill in a hazardous assault which involved a co-ordinated movement of sixty-one landing craft from ship to shore, all loaded with troops and their equipment, during complete darkness, in a rough sea, through a heavy treacherous surf onto a narrow beach, the approach to which lay between outlying shoals, all without the loss or serious injury of a single man.

H. Beisemeier, Commander, U. S. Navy, Commanding, U.S.S. Charles Carroll.

#### CITATION

For efficiency, skill in landing craft operation, devotion to duty and courage on the occasion of the landing of assault troops by the U.S.S. Charles Carroll near Salerno, Italy, Sept. 9th and 10th, 1943.

As coxswain of landing craft, Lawrence R. Jacques, S. 1c, 606-11-60, V-6, U.S.N.R., skillfully and courageously maneuvered his boat to an assault landing through mined waters to a strange beach in the dark of night under heavy machine gun and artillery fire of enemy batteries, successfully and safely landing troops and equipment, and in the succeeding forty hours made many trips to shore although the beaches were still under enemy gunfire and subject to attack by strafing and bombing aircraft.

H. Beisemeier, Commander, U. S. Navy, Commanding, U.S.S. Charles Carroll.

## Committee Prepares for 3 Million War Bond Drive

Meets Daily to Complete Plans. More Volunteers Needed, Declare Co-Chairmen Arthur Mansfield and Harrie Dadmun. House to House Canvass Planned to Start Next Tuesday.

With the sum of \$3,000,000 as Arlington's goal in the 4th War Loan drive, the campaign is scheduled to start next Tuesday when nearly a million volunteers in Massachusetts alone will tackle the greatest financing campaign in the history of the country. The objective is to have every wage-earner buy at least one extra War Bond during the drive.

Plans for Arlington's part in the campaign have been laid down at daily meetings held this week in the Arlington Five Cents Savings Bank, with Arthur J. Mansfield and Harrie J. Dadmun, co-chairmen of the Arlington War Financing Committee, in charge. Another meeting is scheduled for 5 o'clock this afternoon at the same bank.

Speaking of the need of a house-to-house canvass during the coming drive and the necessity for more workers, Mr. Mansfield said, "The task before us means sacrifices and inconvenience but it is only through personal contact that we can expect the general public to purchase its quota of 'E' bonds. The government, after careful consideration, has adopted the house-to-house canvass plan as the means of achieving its goal. If enough people will volunteer to make the personal calls and if they put their heart into this job, we know that they will find the people willing to co-operate."

More Volunteers  
More volunteers are needed if each of the Town's 14 precincts is to be thoroughly canvassed during the drive. In a letter to the Arlington (Continued on Page 4)

### Local State Guard Shows up Well for Federal Inspector

On Wednesday evening of last week, the 15th (Arlington) Company, 23d Regiment, Massachusetts State Guard, underwent a Federal inspection conducted by Capt. George H. Miller of the First Service Command.

After looking over the records, quarters and equipment at headquarters, Capt. Miller went to the Junior High East where an inspection of the personnel was conducted. Following the roll call by 1st Sergeant William Bennett, the commanding officer, Captain Frederick L. Reynolds and Lt. George H. Birtwell put the company through a demonstration of close order drill. An interior guard detail was posted under the direction of Sgt. Robert Macintosh and a first aid drill was conducted by Sgt. Edward Parr under the direction of Lt. Laurence Arthur, while Sergeants Willard Locke and John Ivester led the remainder of the company through extended order and riot formations. The concluding feature of the inspection was a judo demonstration by Sgt. Ivester and Corporal George McKim.

Captain Miller in commenting on the inspection, stated that in his opinion, the appearance and knowledge of the men compared favorably with those of the regular army and that the company as a unit, exceeded his expectations and was one of which the town could be justly proud.

Following dismissal the men adjourned to headquarters in the Old Town Hall where refreshments were served by Mess Sergeant William McDonald, assisted by company cook Douglas Forbes.

Present as spectators were Lt. Col. John C. Dolan, Executive Officer, 23 Inf.; Major Kingman P. Cass, Regimental Plans and Training Officer; Major William L. Davis, Regimental Medical Officer, and Capt. Robert B. McKenna, Regimental Supply Officer, all of the Massachusetts State Guard.

### Tax Collections "Very, Very Good"

Tax collections in 1943 were "very, very good", says Collector J. Wilbert Anderson. In fact, they were so good that Mr. Anderson thinks it is a record. On January first, only 6.86% of the real estate levy was outstanding and less than one percent on the motor vehicle and personal levy. People are working, says Mr. Anderson, have more money, and so pay their taxes.

### Chief Appreciates Work Done by Auxiliary Firemen

In the following letter Fire Chief Daniel B. Tierney expresses his appreciation of the work done by Auxiliary Firemen—appreciation in which the rest of Arlington's citizens will join.

Assistant Chief James M. Keane  
Auxiliary Fire Department  
Arlington, Massachusetts  
Dear Chief:

I wish to express my deepest appreciation to a branch of the Civilian Defense, the officers and men of the Auxiliary Fire Department, who have performed nobly during a period in our National life fraught with grave danger.

These men submitted willingly to an intensive training in handling apparatus and equipment, acquiring the same knowledge known and practiced by our regular firemen. While we have been spared the ravages of war we now have a body of civilians equipped, trained, experienced and ready to augment the regular Fire Department in any emergency which may arise.

In this the busiest year in the history of the Fire Department, I particularly commend the Auxiliary Firemen for their assistance in (Continued on Page 4)

### Surgical Dressings Quota Increased Four Times

In the surgical dressings work, the quota for 1944 will be about four times as great as in 1943. This challenge is difficult but it must be met. The work in 1943 was almost four times that done in 1942—a total of 435,899 surgical dressings made in Arlington workrooms in 1943, as compared with 118,631 in 1942.

The assistance of everyone, with no exceptions, is necessary to meet this 1944 quota.

For information concerning surgical dressings work call Arlington Red Cross Headquarters, Arl. 6540.

## Name Fuel Administrator To Secure Coal for Those Whose Bins Are Empty

Robert L. Reid, Telephone Arlington 1615, Appointed by Selectmen, Gives Immediate Service in Cases of Urgent Need. Householders May Have to Accept Soft Coal Instead of Anthracite.

Robert L. Reid, inspector of wires, has been appointed by the Selectmen as administrator of the local emergency fuel agency which was established by them at a special meeting last Thursday evening. Mr. Reid will operate from his office in the Town Hall. The board also designated Paul H. Mossman, inspector of buildings, and Herbert L. Hutchinson, sealer of weights and measures, to assist Mr. Reid as investigators.

Arlington householders who are out of coal can get quick relief by visiting Mr. Reid's office in the Town Hall or telephoning him, Arlington 1615. Their claims will be investigated immediately and if their need is urgent arrangements will be made for them to get coal enough from one of the three local dealers—Pelce and Winn, Kelly Coal Company and the Arlington Coal and Lumber Company—to tide them over until their own dealer can make a delivery.

Last Wednesday afternoon Chairman Harold M. Estabrook of the Board of Selectmen attended a meeting of officials of Greater Boston towns called by Governor Saltonstall and held in his office. As a result, he invited representatives of the Rationing Board and of the coal dealers to meet with the Selectmen on Thursday evening. To them he explained the plan developed by the State Emergency Solid Fuel Administration, providing for the establishment of an agency in town where citizens out of coal may apply in person or by telephone for solid fuel. Mr. Estabrook outlined the method of organization and operation and the benefits which would accrue to municipalities availing themselves of the program. The plan was received enthusiastically by those present and the organization of the Arlington agency followed.

Blanks Must be Filled Out  
Those who visit Mr. Reid's office to make their requests in person, are asked to fill out a blank, telling

whether the coal is needed for furnace or range, the amount on hand, estimated time it will last, the company from which coal has been ordered. (Continued on Page 8)

### Will Insure Children

#### Without Examination

Children up to age 15 may now obtain Savings Bank Life Insurance without medical examination, at no increase in rates, it is announced by Granville H. Beever, president of the Savings Bank Life Insurance Council of Massachusetts. The new children's policies will be issued in amounts up to \$500, and will be entitled to dividends at the regular rates, which may be applied to reduce the net cost of the insurance. "The new plan gives recognition to the great strides which have been made in reducing juvenile mortality," Mr. Beever observed. "In addition it reflects the excellent mortality experience of the Savings Bank Life Insurance system since its establishment in this commonwealth thirty-six years ago. It also provides a practical answer to wartime problems of transportation and the limited number of physicians available in many communities."

# The Road Ahead

... will not be an easy road. For many, 1944 will be a sad and lonely road. But it is up to us to make it the road to complete Victory, which includes not only a military triumph over our enemies, but also a just and lasting peace, and a satisfactory solution of the critical problems of the post-war era.

That this war will end is a certainty. That the United Nations will be victorious is also a certainty. When this victory will come is not known to man; but the problems to be solved after victory are known to all of us, affect all of us, and must be solved by the cooperative efforts of all of us.

If we desire the continuation of democracy in fact as well as in name, if we believe in free enterprise, now is the time to think and to plan for their perpetuation. Those who would destroy democracy and the system of free enterprise are thinking and are planning; they will be ready and glad to take over if the rest of us are not ready.

## TOO BUSY WITH JAPS TO CELEBRATE THANKSGIVING

(Continued from Page 1)

Day were a little busy with things more important and had "K" rations for our dinner. Today we can really appreciate Thanksgiving and all that it means. To us it has a powerful significance in that it contains probably what the early Pilgrims meant the word to contain—heartfelt gratitude to God for all His favors and you can believe me they have been many. That word "Thanksgiving" has a fullness that only those who have lived under the shadow of Angelic Messengers can understand for we have seen the flap of their wings and heard the metallic thunder of their voices—but thanks be to God those reaching fingers took hold of the Japs and not us. We have seen the Nips go down into the sea, as fiery comets—we have seen their base tremble with the quake as the high the earth constantly and hidden volcanoes were pouring dust, debris and flame into the air. If our hearts are light today and we can talk in ordinary tones of voice, if we do not look like men from Mars as we walk the deck it means but one thing. It means we are thankful that today we have put aside our habiliments of war, that our big guns are grimly and not once on the earth constantly and not once on many days have our guns been not ready or our crew not on the alert ready for whatever comes. As we sailed into this area we put our mattresses below and we have been sleeping on the deck, on gun mounts, on gun shields, under the guns and always ready. Rain, rough weather, heat—all these things have worked us over and we are thankful that through it all they have found out we "could take it". The difficult part of war life is not the fighting, but the waiting to fight. For every time we fired our guns and fought off Jap planes or sent them to their ancestors we went to quarters a dozen times and were ready. One thing this trip has taught us is that if we have good fighter planes with us they save a lot of trouble. Many times Jap planes came after us but our own fighters intercepted them and

chased them home. Several times, particularly at night, a few planes got in and then they found out what we could do. One of the Jap planes we hit fell so close to us that one of the machine gunners took a deep breath and said "He was so close you could hit him with a 'tater'." For those who were below decks the constant commentary of our Paymaster who reported the engagements "play by play" gave us complete information and the crescendo of our own guns put the necessary punctuation to his words.

**Will be Tough on Japs**

One of the truly great sights of this cruise was the ship shooting all her guns at one time. What a noise and what a reaction when they hit! But I guess the Japs could tell you more about that. I've not been away from my station for more than food in so long that I'm going to get away now. You can believe me when we say that we really worked and are ready for some recreation. For a while, a few days perhaps, there will be games ashore, movies out on deck in the evenings, our orchestra will "swing out" with some new tunes and we will rest. But the rest is going to be tough on the Nips—we will be ready for them with all the more zeal and firepower when we catch them again. And one thing you can be sure of is this. We will catch them.

So after the noise of firing at planes and other enemy targets the hardships of sleeping on the deck, after the heat of a boiling hot sun it is very pleasant today to sit down to a "Thanksgiving Dinner." We know more now than at any other time in our lives what we all mean by "Thanksgiving". So remember us in your prayers and keep up the good work at home. We are doing our part here to hasten the end of this war. Every day brings us closer to Tokyo and you can bet the day we put our first gun on that city of the Rising Sun will be a day of Thanksgiving for us all.

Bye for now and I'll write soon again.

BILL.

That long awaited dinner included not only roast turkey and "fixins" but baked spiced ham and candied sweet potatoes with pumpkin pie, fruit cake and hot buns for dessert and lemonade for drink.

## Arlington Allied War Relief Committee

There is no let up in interest by the scores of women who gather each Monday in the vestries of the Orthodox Congregational Church, where the Arlington Allied War Relief Committee is doing its part in making an endless variety of articles that are shipped over seas to bring comfort to our allies. Some idea of the output can be obtained from a report given by Mrs. Warren Seavey at the last board meeting of the committee. Mrs. Seavey stated that from September 21st to December 28th of 1943, a total of 3583 articles had been sent, distributed as follows: American Relief, 1510; Dutch, 836; English Speaking Union, 805; Russian, 371; Norway, 61.

Mrs. Harold B. Wood, chairman, announced at the Monday meeting that it had been voted by the board to adopt a Chinese child by giving a donation of ten dollars to Chinese relief.

The chairman raised a protest against the plan being carried out elsewhere, of collecting clothing which, while having been cleansed, is packed in bales regardless of its condition, to be shipped to our allies later. Mrs. Wood felt this procedure was not carrying out "our good neighbor policy."

A report from the treasurer, Mrs. Harold Frost, showed cash on hand January 1st, 1944, of \$869.08. Luncheons had earned \$93.12; the Food

Table \$106.40; Gift Table, \$35.25; Sale of Grease, \$10.20; Bridge Parties and donations, \$196.00; sale of the Victory cook book, \$13.90. These are but a part of the items reported in this December statement. Mrs. Frost in company with her sister-in-law, Miss Evelyn Frost, left Arlington Tuesday for Orlando, Florida, where she will spend several weeks. In her absence Mrs. John Wheatley will act as treasurer.

The cook book, which is well worth having, may be purchased from Mrs. Ernest Davis, or Mrs. Morton C. Bradley, for a small sum. At this meeting, donations were received from Mrs. Harold Rice, Miss Sarah Bullock, Mrs. Fred Campbell, Mrs. William Lutz, and Mrs. Bolster, who is in charge of the gift table.

Money toward the bridge parties, being held under the direction of the Ways and Means Committee, Mrs. A. Warren Rutherford, was received from Mrs. Morton C. Bradley. The recent bridge luncheon given by Mrs. Norman J. Griffin, Mrs. Theodore LaFayette, Mrs. William Simpson and Mrs. G. W. Anderson, netted \$43.25.

A gift of money was received at this meeting from Mrs. Albert Gutheim. The sale of bonds and stamps amounted to \$401 as reported by Mrs. Morton C. Bradley.

The Arlington Heights Group, chairmanned by Mrs. H. S. Anderson, have finished since March 1943, 170 dresses, 60 skirts, 19 coats, 62 baby dresses, 36 mitts, 162 pantie sets which include two pairs of panties and one waist.

The Brantwood Road Group brought to the Monday meeting nine finished articles; Mrs. Albert Larson, twenty-one pieces of baby clothing.

The order for turtle neck sweaters has been about filled. The

champion knitter for these sweaters was Mrs. William E. Lutz, who completed one in a week.

There will be a trinket and treasure sale some time in February as announced by Mrs. Rutherford, who also asked members to have in mind a rummage sale to be held in the spring.

Letters were read by the chairman from the Massachusetts State Federation of Women's Clubs war committee, expressing thanks for splendidly made articles received. Also one from the English Speaking Union. A check for \$25.00 was acknowledged by the Russian Relief committee. A Belgian Relief shop has been opened at 630 Boylston street, Boston, for knitted articles.

The State Federation war committee is asking for socks—sizes 11, 11½, and 12. Mrs. Revell, who has made fifteen pairs of slippers for men at Fort Devens hospital, received a letter of thanks. Mrs. Revell handles all the used clothing sent to the shop on Mystic street. She sees personally that every article is cleaned and mended before it is packed. The store at present will only be open on Monday, Tuesday and Wednesday of each week.

Mrs. Roscoe Perry, in charge of registration and listing of the finished articles, will be assisted by Mrs. Albert M. Swift.

There is great need for helpers to make those surgical dressings at Red Cross headquarters. Mrs. Wood made an appeal at this time.

There was, as usual, a large attendance. Eighty partook of the splendid luncheon served by Mrs. Charles Fitch and her efficient committee.

The food table, conducted by the Harmony Group of the Bradshaw-Friendly Union, realized twenty-six dollars. It was in charge of Mrs.

Herbert Rhodes, Mrs. Frank Savage and Miss Alice Whittier. Next week Mrs. Peirce P. T. A. will provide the food. Mrs. Dolan and Mrs. Walker in charge. The contributors on Monday were as follows: Mrs. Herbert Rhodes, Mrs. Albert Beach, Mrs. Edward P. Clark, Mrs. Everett G. Cobb, Mrs. Ralph Folkins, Mrs.

Gordon M. Hadley, Mrs. George Leary, Mrs. Donald MacLeod, Mrs. George Morison, Mrs. Charles Moore, Mrs. Glenn Owens, Mrs. Ezekiel Pratt, Mrs. Frank B. Savage, Mrs. Lester Shirley, Miss Alice M. Whittier, Mrs. Carroll Beers, and Mrs. Henry Riley.

# Today, with the eyes of the world upon us, THE FOURTH WAR LOAN IS LAUNCHED!

**T**ODAY, the 18th of January, America's Fourth War Loan starts. It is the largest of all war loans in terms of individual participation—in the amount you must dig down for.

*And—it is, perhaps, the most important of all War Loans. For it comes at a time when the eyes of all the world are upon us; the eyes of our friends, the eyes of our enemies, the eyes of our own fighting men.*

We have just entered the crucial year of the war, a year of destiny, a year that promises to decide how good or bad a world we'll have to live in all the rest of our lives. And the world is wondering how deeply we mean it when we promise our men we'll back their attack, and when we promise our Allies we'll stick with them not only through the winning of the war but through the winning of the peace as well.

**The Fourth War Loan is the home front's first big test of this new and vital year. It will take unity and determination of will of all the people to make the Loan succeed.**

The need for this and other War Loans should be clear to every American. This war is the costliest effort ever undertaken by any country. It costs 250 million dollars each day. This is just the cost of the war, in addition to the regular, inescapable cost of running a great and huge country. Taxes can't take care of all this outgo. Neither can government borrowing from insurance companies, savings banks, corporations, and other large investors. It is necessary to turn to the people, their weekly wages, their savings accounts, the money tucked away in pantry sugar bowls, in socks, under mattresses.

**This is as it should be. In a democracy, war is the business of all the people. Some must fight, some must work and put up the money.**

It's the only way to raise the money. It's also the right way to raise the money. It gives you a good place to invest the extra money you have today. It's a curb on inflation, on that dangerous bulk of pocket money that leads to black markets and disastrous spending. It's a mattress for tomorrow, a sort of individually planned Social

Security that will bring in welcome money in the years ahead when income might not be the Mississippi flood it is today.

These last are not the reasons for the Loans. They are extra reasons, however, over and above the \$1 interest you get on every \$3 you invest. The fundamental reason for the Fourth War Loan is that your beloved America, at war and in danger, needs your help!

Every one who has a job or savings, should invest at least \$100—if possible, \$200, \$300, or \$500 extra. Some 5,000,000 Americans, volunteers, will be working to sell these Bonds. One of these volunteers will ask you to buy, where you work, at your home, or some other place. If by some chance, you're missed, find out where to buy and buy on your own.

**The place where you work will have a quota. That's where you should make your major investment. That's where your personal quota really counts.**

But...

The place you live also has a quota. Try to invest there, too. Other people will ask you. Salespeople, in retail stores, have volunteered to help and have an individual quota. If they ask you to buy, try to buy from them, too. Movie theaters, restaurants, schools, banks, postoffices, and many other places also will be selling bonds.

The Fourth Loan is a test of us as a nation.

The eyes of our fighting men are upon us to see if we are backing them.

... The eyes of our Allies are upon us to see if we are with them.

... The eyes of our enemies are upon us to see if we are soft enough to fall for a non-victorious, here-to-day-gone-tomorrow peace...

**Are we? The answer is in your pocket!**

## FEW SEEK WORK CLEARING SNOW

It's lucky that the snow last Thursday and Friday was comparatively light, since few sought work clearing it away. In fact, if it had not been for the help given by high school boys, who had no school that day, much of it might have been left like Cambridge's snow of yesterday, for the Lord who sent it to take away.

However, Superintendent O'Brien had his regular men out before midnight Thursday, getting the equipment ready to roll and shortly afterwards the plows that are not the property of the town came out. There were only eighteen or nineteen men for the two loaders and it took careful planning on Mr. O'Brien's part to do the work as thoroughly as it was done. The streets were cleared only the necessary width, then the men were put to work loading. Later, the gutters were cleared and if necessary the streets were given another plowing, widening the roadway.

In spite of the sanding that was necessary, because of the ice, the storm was not an expensive one. S. Alfred Benson, clerk of the Board of Public Works, figures the cost at about \$1500, although that does not count in some of the handwork that continued past the middle of the week.

## "A Bond for Every Seat" In Arlington Theatres

Both motion picture theatres in Arlington will join in the nationwide bond-selling contest which the motion picture industry has organized to spearhead its part in the Fourth War Loan Drive, January 18 through February 15.

The slogan for the contest is "A Bond for Every Seat" and we expect a record sale of 'E' bonds during this campaign, said Arthur P. Mansfield, chairman of the Arlington War Savings Committee. "All theatre men in Arlington are enrolled in this contest and we are looking forward to a volume of bond sales that will put our city in the front rank of winners."

There will be 100 winners in this contest and they will be known as the "Honored Hundred." The country has been divided into five groups of cities ranging in population from 5,000 to 100,000 and there will be ten winners in each group, with an additional champion for each state, Alaska and Hawaii, making it possible for 100 theatre men to win honor and distinction for their work in the Fourth War Loan Campaign.

## COMMITTEE PREPARES FOR \$3,000,000 WAR BOND DRIVE

(Continued from Page 1)

ton chairman, William Y. Hackett, regional chairman of the War Finance Committee, states that 12,000 home-office insurance employees have pledged to work in their own communities during the drive, and 4,000 industrial agents will solicit their own clientele in Massachusetts alone. This activity of the Treasury Insurance Legion is under the direction of Paul F. Clark, vice chairman of the State Committee, who has assured the Arlington committee that insurance employees have been instructed to have War Bonds, which they sell, issued locally wherever possible. As a result, Arlington will get credit for Bonds purchased locally from insurance company employees. During the last Loan Drive, this group of workers turned in a most remarkable record of sales.

Because of Arlington's showing in the first three War Loan drives, its performance in the drive opening next week will be watched by officials, Homer Sewall, northwest area chairman of the State War Finance committee, called upon Mr. Mansfield this week and pointed out that Arlington and Waltham, both with high quotas, did an outstanding piece of work in the last drive. Other communities in the area are Belmont, Concord, Lexington, and Watertown.

Among those who have been active this week in planning the local drive are Clifford R. Hall, superintendent of schools; Roger A. McGinnis, superintendent of the Arlington postoffice; and Edward P. Clarke, secretary of the general committee, and the important canvassing committee, including Arthur F. Wells, William Kearns, Brayton D. Fisher, Winslow C. Sisson, John E. Mansfield and Arthur Haywood, and Mrs. Arthur J. Mansfield, chairman of the women's division.

Schools to Cooperate  
Arlington schools will cooperate to the fullest extent in the drive and plans for participation by teachers and pupils were mapped out at a meeting of school principals called by Mr. Hall today.

In the drive for funds to help pay the huge costs for what has now become an offensive war for the United States, Massachusetts citizens are asked to invest \$25,000,000 in individual war bond purchases. To achieve this goal, the

bonds must flow over the counters at the rate of approximately \$10,000,000 a day at the 2200 bond selling agencies in this state.

The national goal in individual sales is \$5,500,000,000, with an overall quota of \$14,000,000,000. The overall quota for Massachusetts, including purchases by corporations, associations and business concerns, is \$794,000,000. The books will close February 15 on the drive.

An innovation of the Fourth War Loan will be a red, white and blue window sticker with the notation, "We bought extra war bonds," available to all bond purchasers during the drive. The slogan, stressing the Treasury Department's aim to place as many bonds as possible in the hands of individuals, is, "Let's All Back the Attack."

Mrs. Harold Croft told the history of the Boston and Sandwich Glass Company, giving the members a real understanding of how the glass was manufactured and the types of articles made. The guest speaker, Mrs. Arthur Elliott (Hilda Frost) brought some very interesting pictures and books to illustrate her talk on "Early Crafts". # Urges Research to Solve Nation's Many Problems

A downpour of rain, sickness in many homes and the aftermath of the holidays kept away many members of the Arlington Woman's Club on the first meeting of the new year last Thursday, at Robbins Memorial Town Hall.

After the salute to the flag, the president, Mrs. Stanley R. Kingman, brought New Year's greetings to the club, by reading a very appropriate poem. She reminded the members to re-read Article IV, Section 4 of the by-laws before the first meeting in February. Mrs. Kingman very graciously thanked all who remembered her at Christmas with greetings and all those who helped make the Christmas program such a success.

Mrs. G. Edward Wilkins reported in an interesting manner the Club Institute which was held at the New Old South Church, on Wednesday, reminding club members that anyone is welcome.

The chairman of the War Service Committee, Mrs. Kingsbury Ryan, spoke of the many ways the club brought cheer to Arlington men in the service. She spoke especially of the bomber, for which the State Federation is to raise money at the time of the next Bond Drive. "Our boys are out there, fighting a cruel war, with nothing to fight with, except what we furnish."

Mr. Frederick A. Link, chairman of the Music Committee, announced that Norman Leavitt, the featured soloist, was unable to appear, but that she was very happy to introduce Wesley Copplestone, tenor, well-known to Arlington audiences. His numbers were varied and very much enjoyed. His accompanist, Reginald Boardman, who also is no stranger, played with brilliance two piano solos.

It seemed to be a day of changes. Dr. William Vandell Elliott was unable to lecture because of duties in Washington and Mrs. Harvey C. Abbott, chairman of Legislative and Citizen Training, presented in his place, Albert Morris, professor of sociology at Boston University. After speaking of the "sicknesses" this good land of ours is heir to, and the confusion brought about by many racial and social groups living in close relationships, and the divided allegiances brought about by science, he urged that certain basic trends be noted and research be supported for the solving of these many and complicated problems.

Kingman, president, will open the meeting and introduce the invited guests who are Mrs. Charles C. Kolster, Seventh District Chairman, Mrs. William P. Lorette, State American Home Chairman, and Mrs. Edward H. Averill, Clerk of the State Federation and Adviser to the American Home Department for the State. Each guest will bring a brief message to the club.

The highlight of the morning session, which will open at 10:30, will be a presentation of a brilliant and fascinating speaker who intrigues her audience with ingenious ways of making the ordinary exotic. Her subject will be "Rationed Fashions."

The Reverend Walton E. Cole will speak at the afternoon session. Dr. Cole who is a most inspirational and dynamic speaker, is well known to Arlington audiences. His subject, "Religion in the Home and its Influence on Our Boys in the Service", is one in which all are deeply interested.

The Arlington Red Cross Canteen will serve a canteen luncheon in the hall — at cost, not over 35c — for which reservations must be made with Mrs. Brace I. Lawley, Arlington 4342, before six o'clock next Monday, tickets to be obtained at the hall before the morning session.

# Report on Christmas For Service Men

The service men were remembered at Christmas by the Arlington Woman's Club. Gifts were taken to Fort Devens and to the men stationed in the barracks in Arlington. A check for \$15.00 was sent to the State Federation to help to fill the bags for men in the various camps who did not receive any gifts. This year some of the board members expressed a desire to send personally a box to the men in the club's own room at Fort Devens. As a result the board members and members of their committees furnished all the boxes for the men and nurses in room 20. These gifts were taken to Devens on the twenty-first of December. Mrs. Kingman, club president, driving, having been allowed gas for the purpose. A large number of Readers Digests and puzzles were sent by club members, also two plants. It was a little early for the real Christmas atmosphere in the room; the tree was yet to be decorated by the Grey Ladies. However, the ward where the gifts were taken most certainly looked as if no one would be forgotten on Christmas Day. The tree ornaments which the club supplied last year, were still available and this year a check for \$2.00 was given for Christmas greens. Thank you notes have been received by several of the members from the men.

On Christmas morning a bit of cheer was brought to the eighteen men of the Coast Defense Unit stationed at Arlington Heights, through the War Service Committee of the Arlington Woman's Club, and three nearby neighbors, namely, Mrs. Oscar Peterson, and the LeRoy Shaws. Bright and early, before dawn, these people slipped into the barracks and set up two Christmas trees, one with gifts and one with food. First came the Christmas table covers, then the decorated and brightly lighted table tree and red candles, and a wreath at the window.

About the tree the gifts were placed — 18 gift stationery packages and 18 red tarleton bags, each filled with gift-wrapped packages (from the Arlington Woman's Club). On the second table went the large bowl and basket filled with fruits — oranges, grapes, bananas and apples — packages of home-made cookies and pop corn, and 18 "gun carriages" for breakfast. These were made of a banana for the gun, and two home-made doughnuts for the wheels, each held on by a gum drop.

The men have expressed their sincere appreciation for this friendliness at Christmas, when so many of them are far from their own homes.

Mrs. Peterson contributed the table cloths, table tree, decorations, the stationery and the bowl of fruit. The veterans at Bedford Hospital were given pipes to which a Christmas tag and greeting was tied.

Of special interest to Arlington is the report of "Christmas on the Hill."

Every day more service men and women and their families bring their problems to the Home Service Department of the Arlington Red Cross Branch. During the day they come to Red Cross Headquarters, where there is always a trained Home Service representative on duty. After hours, in cases of emergency, they contact representatives at home. Miss Caroline Higgins, chairman of that department, reports that there were 114 cases of assistance in December, the busiest month so far. The majority of these cases, happily, concerned servicemen who wanted furloughs or extension of furloughs for the holidays — although, others dealt with more serious problems.

Mrs. Walter Vaughn, Arlington chairman of Production, has received the following letter from the Director of War Relief Garments in Boston: "We have had orders from National Headquarters that we must speed up our War Relief garment shipments. As our Army enters more territory the rehabilitation program assumes greater proportions. We have now had time limits set on deliveries and are appealing to you in this emergency."

During the past year 3500 garments were made by the Arlington Red Cross sewers. We must at least double this to meet this great need.

# Resolutions for the Red Cross Worker

The Red Cross production rooms at 622 Massachusetts avenue and at the Hardy School are displaying the following new poster:  
**NEW YEAR'S RESOLUTION for the RED CROSS WORKER**  
I will work regularly.  
I will be sure my uniform and head dress are clean.  
I will bring a new worker.  
Thus the patriotic women of Arlington who devote part of their time to making surgical dressings and garments have begun the year prepared to do their part to meet unprecedented demands for the work they can do.

## THOSE WHO GIVE THE MOST, GIVE MORE

In this war, perhaps in every war, it is those who are giving most who stand ready to give more. At the blood bank, soldiers and sailors home on leave, give their blood. They are offering their lives and they know that the blood plasma may save the lives of themselves and their comrades.

From the training camps in this country and from battle fronts all over the world come subscriptions for War Bonds. Into them goes every penny the service man can spare.

### And why not?

These men know that this is a machine war, that on the efficiency and number of machines depends to a large extent both its length and its outcome. Their dearest wish is for the conflict's quick and victorious end. So they buy War Bonds.

That is one reason. There is another that is as good. In their country's cause they are investing their most valued possession, their lives. It is natural that they should invest their money. They believe in their country; they believe that War Bonds offer both the safest place for their money and the place where they get the best returns.

For one reason or another, most of us who are at home can't go to war. We may be working in an industry that is necessary to the prosecution of the war, we may be too old or not strong enough. We may be doing work that helps our country more than anything we could do in the front lines—many of us are.

Yet the fact remains that we are at home and are fairly comfortable. We can hardly complain of any small hardships we may undergo, when we read of what is happening on the battlefronts. The letter from an Arlington boy which is printed on page one of this issue gives a little idea of what naval battle means to those who take part in it. Last week another Arlington boy told of five days' starvation while he was hiding in Occupied France. The nearest that we come to starvation is using oleomargarine instead of butter and, perhaps going without the steak and roast beef we would like for dinner.

Most of us are making more money than we previously made. It is a temptation to spend it for luxuries that we couldn't afford before. Before we yield to this temptation, we would do well to read some of the stories from the battle fronts.

Then, can we at home who are offering so much less than our husbands, our sons and our brothers, refuse to invest every spare cent in War Stamps and Bonds? Can we refuse and still sleep of nights?

## POST-WAR PROBLEMS NOW

Some of the post-war problems we must face now. Already, men are returning from the war, honorably discharged, perhaps because of wounds or disease. As the war goes on more and more of these heroes will come back. We must be prepared to give them the welcome that heroes deserve.

This means, not that we will hail them with cheers and laurel wreaths, though these would not be out of place, but that we will have ready for them a secure place in community life—a job and friends; a place comparable to that which they left when they went to fight our battles.

Arlington has taken the first steps in this work by the appointment of a Rehabilitation Committee. The Veterans of Foreign Wars and the American Legion as well as the recently organized Arlington Chapter of the War Parents of America, are also making plans to help the returning veterans in adjusting themselves to life at home.

This last organization explains the significance of this planning in words that we can all take to heart—

"It is our belief that the people of Massachusetts can face the future with courage if we unite back of a program for post-war prosperity.

"Personalized planning for the general welfare will go a long way to produce that economic security for which we are all striving.

"There is too much talk of an anticipated breakdown in the period immediately following the war. That breakdown will never come, if with the briefest possible period of readjustment we re-absorb in a planned and orderly manner all able-bodied veterans as fast as they receive their discharges from the service, coupled with a gradual release of pent-up purchasing power.

"It is essential that our boys and girls return to the things for which they are fighting—to social security, the basis of real happiness; to continue in school or college; to marry and establish homes of their own; to enjoy to the fullest those benefits that are to be found in a land of plenty where any person of good health, good habits and real ambition can gain a comfortable livelihood.

Our service sons and daughters are giving FULL TIME—and even their lives—in the service of America. Surely we, as their parents, and all citizens should be glad that we can devote time and effort to the task of making our nation worthy of their sacrifices.

"It is our duty in their absence to maintain the kind of a world for which they are fighting!"

## New Frame of Stamps In Library Reading Room

The frame of stamps which Henry Angier Jenks, president of the Arlington Stamp Club, placed in the main reading room of the Robbins Library last Saturday contains three groups. The left hand collection is called a Latin American Sampler containing one stamp from each of the twenty Republics which is typical, historical, handsome, striking or otherwise fitted to represent its issuing nation.

The Nicaragua stamp shows Momotombo erupting, the stamp which was used to show volcanic activity in Nicaragua and swing the big canal to Panama.

The middle group contains the stamps issued by fourteen members of the Pan American Union in commemoration of the fiftieth anniversary of the founding of the Pan American Union.

There are twenty-one members in the Union. The final group is a collection of stamps from Bermuda.

In connection with the 2nd black and pale blue is this interesting fact. The yacht is supposed to represent the British racing yacht "Viking" but apparently by error a photograph of the American yacht "Lucie" was substituted.

In 1940 a temporary shortage of the 1/2d stamps was remedied by surcharging the 1d value with the words "Half Penny."

Mr. Jenks has presented to the library a small frame containing the full set of stamps issued by the United States during 1943 as "symbol of hope and a monument of courage to the twelve proud nations suffering enforced servitude and humiliation and agony."

Each stamp features a flag of one of these honored countries. Also he has arranged for Scotts Monthly Journal to be sent to the library for the year 1944 beginning with the January issue.

### Look Out for Chemicals Says Fire Chief Tierney

Fire Chief Daniel B. Tierney has received from the state fire marshal a warning as to accidents that may result from the chemical sets which toy manufacturers sell. The marshal says that while these sets rarely contain any particularly dangerous materials, the interest roused by them may result in the acquisition of other chemicals which are dangerous and which constitute a fire and explosion hazard.

Chief Tierney wishes to bring this danger to the attention of parents of chemically minded children. He is sure that they will be anxious to cooperate in any means of avoiding accidents which might cause injury to unschooled persons using highly dangerous chemical material.
